

**MINUTES OF THE CAGLS MEETING  
AT THE AACU CONFERENCE  
FEBRUARY 19, 2005**

The Executive Council and members of the Board of Directors met in Atlanta, Georgia, at the AACU Conference. Because of increasing demands on his schedule, Robert Mauldin had to reconsider his acceptance of the post as Executive Director. It was decided to continue Bill Jenkins as the Interim Executive Director until the fall meeting at the AGLS Conference. The Treasury Report indicated that CAGLS was in good financial condition with a bank statement totaling \$3472. Members discussed the need to increase participation of members. After much discussion, those present decided that CAGLS should get members of the Board of Trustees to bring up one matter for discussion on the listserv at least once a year. It was also decided that there would be an effort to create some CAGLS panels at both the AGLS and AACU Conferences beyond the ongoing workshop for new general education administrators. The President would spearhead this effort. Finally, there was some discussion about the presentation of an award for an outstanding general education administrator, but no decision was reached. The question was postponed for further discussion at a future meeting.
